Zahvaljujemo se svima koji su nam ustupili svoje fotografije. Koriste se isključivo unutar projekta i imaju znanstvenu, obrazovnu i neprofitnu svrhu. Korištene slike ostaju vlasništvo autora.

Ovaj popis sadrži imena autora projekta, ime autora pojedine fotografije uz koju je upisan naziv mekušca i autor vrste.

Ovo prvo izdanje sigurno će biti podložno revizijama koje će se provoditi u okviru projekta, na temelju suradnje s drugim zemljama sudionicama.

We would like to thank everyone who has provided us with their photos. They are used exclusively within the framework of the project and have a scientific, educational and non-profit purpose.

The images used remain the property of the author. This list contains the names of the authors of the project, the name of the author of each photo, with the name of the mollusk and the author of the species.

This first edition will certainly be subject to revisions that will be carried out within the framework of the project, based on cooperation with other participating countries.
